

## **Pharmacy Banner Message**

**COS: 30, 32**

**This is a reminder that clozapine will be added back to the Medicaid MAC list effective 12/1/02. Please make sure that patients are switched to the generic when possible. The brand name will require PA and a MedWatch form submitted with the request.**

**Please be aware that Coumadin and Tegretol brand names are not on the MAC list but the generics are MAC'd. You can check the GDCH website at [www.communityhealth.state.ga.us](http://www.communityhealth.state.ga.us) for updates to the MAC list. The most recent version (effective 11/1/02) is available on the website.**
